Thanks again for the consideration. I've decided not to run as you have some good candidates below. I still will be overseeing the KNC Design Review Board and may still be running the ARC for the PUD. I am sure there will be some interaction with the PC and definitely look forward to working with Lindsay.

As you know we are looking for planning commission members. I can think of no one more qualified in the community to be a member. Your expertise would be very helpful.
